REPORT OF THE BOARD OF EDUCATION
OF THE
TOWN OF ROLLINSFORD

For the Year Ending February 15, 1914.

The success of any undertaking largely depends upon the earnestness, zeal and proficiency of those engaged in doing the work. And this is certainly true of our teachers everywhere. They must love the work, not alone for the pecuniary benefits received, but with a desire to see those under his or her charge advance daily in every department. A teacher without any push or energy will never be successful. We are exceedingly fortunate in securing those who are live, progressive and possessing a big bump of gumption, and to this is due in a great measure the success our schools have attained. Such teachers should be used well, paid liberally, and the less change the better. Miss Brown and Miss Doherty were advanced from the outside schools to those of the village, Miss Finnegan and Miss Roberts, graduates of the Training School at Portsmouth filling the vacancies. Condemned by our own eyes, by the State Board of Health, and finally by State Superintendent of Schools,

we all awakened to the fact that the sanitary condition of the closets at Franklin school house were extremely bad. And if we were to place those in the proper condition in the town hall a different system of heating must be put in. Thanks to the support of many of our leading tax payers who have stood loyally by the committee, we have both the school house and the town hall placed in the best possible condition. The expense has been heavy, but the benefits derived will pay big dividends. Measles and whooping cough have been prevalent among our pupils and with the severe winter our average attendance for 1914 must be less than 1913. Again we extend thanks to the good citizens of Rollinsford for their cordial support.

The list of teachers is as follows:

8th and 9th	grades,	Miss Elizabeth M. Adams.
6th and 7th	"	Miss Helen B. Tighe.
4th and 5th	"	Miss Mary M. Tate.
